Google / Data Analytics Professional Certificate
May 2024 - October 2024

Completed extensive 6 months job ready Google Career Certificate training. Demonstrated hands-on experience with data cleaning, data visualization, project management, interesting and communicating data analytics findings. Confidence in transforming complex data into actionable and clear insights. Fluency in computer programming languages and a solid understanding of databases.

Projects

Road Accident Analysis Dashboard (2021-2022)
Microsoft Excel, Data Analysis

- Analysed 417,883 road accidents, categorizing casualties by severity, vehicle type, and road conditions.
- Developed an interactive Excel dashboard for filtering accident data by date, location, and surface conditions.
- Identified key trends, such as 79.8% of casualties involving cars and 67% of accidents occurring on single carriageways.

Netflix Content Analysis (SQL)
Data Analysis, SQL Queries

- Analysed Netflix content distribution, ratings, and trends using SQL, including director- and actor-specific insights.
- Developed complex queries to extract data on genres, countries, and ratings, including top contributors to Netflix's library.
- Provided key findings on content distribution, viewer preferences, and release trends over the last 5 years.

Sales Dashboard (Tableau)
Data Visualization, Tableau

- Created an interactive Tableau dashboard to analyse sales data, including revenue, sales quantity, and customer/product insights across multiple markets.
- Visualized key metrics such as total revenue (12.85M), sales by market, and top-performing products and customers.
- Enabled stakeholders to track sales trends over time and compare performance across different regions.

Education

- **Diploma in Elementary Education**
  District Institute of Education and Training Prayagraj, 2024
- **Bachelor of Science in Mathematics**
  ASKSA PG College Shivpuri Fatehpur, 2020
